

March 28, 2010

As Tensegrity enters a new decade, it is our joy to announce the new Board of Directors of Cleargreen, appointed by Carol Tiggs as President of Cleargreen:
Teo Alfero, Ambar de la Parra, Alexander Dergay, Marcela Flores, Brian Le Beaux, Nyei Murez, Renata Murez, Alice Rulde; and Wolfgang Richter as Advisor

The new members of the board are practitioners who have demonstrated leadership and personal accountability over time both with the Tensegrity community and in the practice of Tensegrity in their professional and daily lives.

The board will oversee the daily operations of Cleargreen and make recommendations to Laugan Productions regarding the development of Tensegrity throughout the world. We look forward to the creative collaboration and growth that this new structure will bring.

Additionally, we will be introducing a Tensegrity co-sponsor coalition to include active co-sponsor teams in the creative processes of future projects (details to be announced).
